Announcement Acquisition of WZC Riemann and DCLARE

Martijn Rijk
Marketing Manager

Acquisition

Customs Support, the neutral and dynamic partner for customs matters in Europe, announces the acquisition of WZC Riemann and DCLARE Customs Service. With this acquisition, Customs Support strengthens her presence in Germany and underpins the ambition to support clients with import, export and transit in close proximity to her clients.

As a family business with over 140 years of customs experience, WZC Riemann in Hamburg (GERMANY) is known for her exceptional service, flexibility and state-of-the-art digital communication. Since 2009 the company is fully AEO certified. The company has proven that a family business can add value with long-term customer advice and support tailored to individual needs. Especially for these reasons the company is a good fit with Customs Support. WZC's managing director Friederike Engelken will join the German Board of Customs Support.

*“As a family-run business committed to providing excellent customer service and implementing a ‘single point of contact’ policy we felt at home straight away from the first meeting with Customs Support. We are looking forward to joining forces!” Friederike Engelken –
Managing Partner WZC Riemann*

Frank Weermeijer, CEO of Customs Support, adds: “WZC and their team are a perfect addition to our team in Germany and the Netherlands and we are looking forward to working together to bring the best value to all our customers. This is another important step in our ambition to becoming a leading European customs broker through organic and M&A growth”

Customs Support has a strong reputation and stands for knowledge, speed, efficient and digital customs solutions. Together with more than 750 customs specialists, a broad geographical coverage through many offices at logistic hotspots, Customs Support helps a wide range of clients with their customs matters in Europe. Next to these activities, we offer customs consultancy and gas measurement services. The company is currently active in The Netherlands, Belgium, Germany, France, United Kingdom, Poland and Italy.

In Europe, Customs Support Group serves many cross-border clients in several industries such as automotive, food and beverage and many more. Customs Support is the frontrunner in digital customs and invests substantially in the digitalisation of the customs process.
